Bentley Systems, Inc. Announces V8i Release

Bentley Systems, Incorporated today announced V8i, the most comprehensive software portfolio for infrastructure ever assembled in a single release. Encompassing products for all of the solution communities served by Bentley, the V8i portfolio leverages and extends interoperability platform to provide the breadth and depth of technology needed for fully integrated project delivery. V8i's interoperability platform enables Bentley applications to persist, share, and visualize infrastructure asset data in a common way, promoting collaborative workflows.
